New Solar System

Property Type:

Residential School Commercial

Is the building/house:

Single story Multi-story

Total STCs:

Installation Date:

Are these panels installed on:

A building/structure
(i.e. house/shed)

Ground mounted or
freestanding

Are you installing a complete unit? (i.e. panels and a new inverter)

Yes No

Type of connection:

Grid connect

Grid connect w/ battery

Standalone

Are all the inverters the same type? (if no, please provide details of other inverter/s)

Yes No

Please provide serial numbers in the way of:

Panel barcodes

Serial Numbers provided in
digital format
(Word, Excel or PDF)

System size kWh:	Number of panels:	Inverter brand:
Panel brand:	Inverter series:	
Panel model:	Inverter model:	
Number of batteries:	Inverter serial number:	
Battery brand:	National metering identifier (NMI):	Seller name:
Battery model:		Seller ABN:

We recommend you
take photos of
the serial numbers
before installation.

Old Solar System

Have there ever been and/or are there existing Solar Panels?

Yes No

Were they removed?

Yes No

Details of existing system/s:

Number of panels:	Total capacity in kW:
Watts per panel:	Capacity of inverter:

Installation Team

Account Name:	

Personal Use (No GST)

Personal Use (No GST)

System owned by a business not registered for GST

System owned by a business that is registered for GST

CEC Compulsary Written Statement

I _____ was the accredited designer of the solar PV system installed and verify that I hold the appropriate accreditation type in relation to the design of the unit and the design complies with all relevant requirements of the accreditation scheme under which I am accredited. I declare that the above statements are true, correct and complete and understand that penalties apply under the *Renewable Energy (Electricity) Act 2000* and *Renewable Energy (Electricity) Regulations 2001* for providing false or misleading information. I understand that giving false or misleading information is a serious offence under the Criminal Code Act 1995.

I _____ was the accredited installer and hold the appropriate accreditation type for the solar PV system installed and verify that: complied with the relevant installation requirements of the accreditation scheme under which I am accredited for the installation of the unit, all local, State or Territory government requirements have been met for the installation of the unit, the electrical wiring associated with the installation of the unit was undertaken by an electrical worker holding an unrestricted licence for electrical work issued by the State or Territory authority for the place where the unit was installed, have provided the owner of the unit with any documents required by the laws of the jurisdiction in which the unit was installed certifying that the installation of the unit complies with the relevant laws relating to safety and technical standards and received a copy of the design of the unit. The design was not modified during the installation of the unit and it was installed in all material aspects, in accordance with the design, or was modified during the installation of the unit and the modifications were consistent with all relevant requirements of the accreditation scheme for the design of the unit and that the unit was installed, in all material aspects, in accordance with the modified design and the unit will perform consistently with the design or modified design (as applicable). The inverter used in the installation of the unit was an approved eligible model of inverter and if grid-connected complies with AS/NZS 4777.2:2020, the model(s) of PV modules used in the installation of the unit was an approved eligible PV module, I was on-site to install or supervise the installation of the unit in accordance with the accreditation scheme under which I am accredited and I have and can provide evidence demonstrating that I have met the on-site attendance obligations in accordance with the accreditation scheme under which I am accredited. I declare that the above statements are true, correct and complete and understand that under the *Renewable Energy (Electricity) Act 2000* and *Renewable Energy (Electricity) Regulations 2001* penalties apply for providing false or misleading information. I understand that giving false or misleading information is a serious offence

CEC Installer Signature (that attended the installations site):

CEC Designer Signature (if different accredited person to the CEC Installer):

Please sign on or after the date of installation (Victorian installers must sign after ESV inspection)

Installation and Mandatory Declaration (IMPORTANT)

I am the **legal owner** of the above small generation unit (SGU) and assign the right to create STCs to RecTraders Aust Pty Ltd as the Trustee for RecTraders Aust Unit Trust for the period stated above, commencing at the date of installation. I have not previously assigned or created any STCs for this system within this period. STUs must be registered within 12 months or installation. I understand I am under no obligation to assign STCs to RecTraders Aust Pty Ltd as the Trustee for RecTraders Aust Unit Trust. I agree to repay the STC to RecTraders Aust Pty Ltd as the Trustee for RecTraders Aust Unit Trust should by assignment be invalid. I understand that an agent of the Clean Energy Regulator or RecTraders Aust Pty Ltd as the Trustee for RecTraders Aust Unit Trust may wish to inspect the SGU within the five years of certificate redemption. I must retain receipts and proof of the installation date for the life of the STCs. I am aware that penalties can be applied for providing misleading information in the form under the *Renewable Energy (Electricity) Act 2000*.

I assign the right to create Small-scale technology certificates (STCs) for the above system to RecTraders Aust Pty Ltd as the Trustee for RecTraders Aust Unit Trust.

I understand that the System is eligible for STCs (if known) and, in exchange for assigning my right to create these STCs, RecTraders Aust Pty Ltd as the Trustee for RecTraders Aust Unit Trust will make payment to the person nominated in the payment details above (to calculate your STCs call 03 8370 2321 or visit www.rectraders.com.au).

By signing this assignment form I acknowledge that the accredited installer and/or supervisor mentioned in this assignment form, physically attended and installed/supervised the installation of my PV system.

Retailer Written Statement

I _____ am the authorised representative of the retailer that sold the solar PV system to the system owner and verify that: The above mentioned installer installed the unit at the installation address and they are an employee or subcontractor of ours, the unit will perform in accordance with the contract (or the quote accepted) for the sale of the unit to the owner of the unit, except to the extent that that performance is prevented by circumstances outside the solar retailer's control, the unit is complete and generating electricity or capable of generating electricity, if grid connected the unit is connected to the grid or the retailer has completed its obligations under the contract (or quote accepted) relating to the connection of the unit to the grid, the retailer provided information in writing to the owner about feed in tariffs and export limits for the unit and it is true, correct and complete, the retailer provided information in writing to the owner of the unit about one or more of the following of the unit, expected payback period or expected energy savings or expected cost savings and that information is true, correct and complete. Any actual or potential conflicts of interest of the retailer relating to the sale or installation of the unit, or the creation of certificates for the unit, including any conflicts of interest in relation to persons or entities related to the retailer have been disclosed to the owner and managed appropriately. A declaration deeming the retailer ineligible to make statement under regulation 20AH is not in effect on the day the statement is given. I declare that the above statements are true, correct and complete and understand that penalties apply under the *Renewable Energy (Electricity) Act 2000* and *Renewable Energy (Electricity) Regulations 2001* for providing false or misleading information. I understand that giving false or misleading information is a serious offence under the Criminal Code Act 1995.
